...that historically has been payer focused, another that has established many clinically oriented links, an electronic claims processor, a pharmacy billing network, and a telephone company. Because the vendors are in a high degree of flux and no established market leader exists, healthcare organizations should select vendors carefully and patiently. Expert legal counsel should be used throughout contract negotiations. Some integrated delivery systems and academic medical centers have such a breadth and depth of...

...TEXT: A number of pricing models are operating concurrently in the ELINOR project. The business arrangements negotiated with publishers run for a limited period, but can be reviewed at any stage.

Electronic textbooks

The following models are in use:

- No charge for selected titles -because the publishers felt that ELINOR is a controlled experiment from which both parties, libraries and publishers, can learn about the usage of electronic documents.
